

POST SIGNAL OFFICE  
FORT HUACHUCA, ARIZONA

11 February 1953

Colonel Jules E. Gonseth, Sig C  
9460 TSU, Signal Corps Army Aviation Center  
Fort Monmouth, New Jersey

Dear Colonel Gonseth:

Today we are mailing under separate cover two complete sets of maps and other data concerning Fort Huachuca. One set is addressed to Operations and Plans OCSig O ATTN: Major Neilson, and the other to Lt Col Diehl, EWC, Fort Monmouth. Perhaps a set at each headquarters will save time and effort at some future date.

All goes well here except we are in a state of confusion concerning the RIF of some fifty percent of our civilian strength. Right now it looks bad but I'm sure we will be able to cope with the situation when we level off. Good weather isn't a bit of help.

I sincerely hope circumstances permit another visit to Fort Huachuca and at the same time be able to spend a few days here so we can really show you more of the post and the area outside the post.

Sincerely,

CHARLES S. BREEDING  
Lt Colonel, Signal Corps
